

OBLIQUE

GRAHAM & BROWN
EST. 1946

The Oblique collection is built up of diverse structural forms that, when brought together, appear to bridge the gap between the modernist and art deco movements with its connecting lines and elevations.

A collation of geometrics with characteristic uniformity and more unexpected asymmetrical designs, for these patterns perspective is everything.

Oblique

Our collection of geometrics is built up of diverse structural forms that, when brought together, appear to bridge the gap between the modernist and art deco movements with connecting lines and high-reaching elevations.

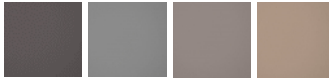

From geometrics with characteristic uniformity to more unexpected asymmetrical designs and surprising textures, for these patterns perspective is everything.

Introducing
ATELIER GEO

Inspired by the French noun 'Atelier', meaning a studio used by an artist, Atelier Geo is a modern geometric print created using a mixture of G&B's Design Studio's favourite styles! In three unique colourways, Atelier Geo

holds a unique embossed texture that'll add sophistication and a modern décor to your home!

Introducing
HERITAGE STRIPE
&
PLAID

An update to the iconic tartan and stripe designs, the Heritage collection revives classical styles with contemporary palettes to create a modern twist. Tartan, plaid designs showcased at a larger scale, whilst classic

four bar stripes have a cosy feel with a subtle shimmer and authentic texture. Beautifully detailed, each of the heritage designs has a paper finish that mimics a fabric, woollen look.
